Officials are instructed to limit themselves to a minimum of interactions with riders and crew members. They cannot provide assistance except in the case of an emergency and they must not favor any riders.

The crew or riders may contact the Officials during the race, but they may only forward information and request further assistance. Direct help and assistance with any problems (such as route, defects, etc.) cannot be provided by the Officials.

Concerns or questions about the rules are to be placed during the race at the ZURICH – ANDERMATT racing center or at the Officials on the way.
